

University Honors Program

Learn. Lead. Serve.

CALL FOR COURSE PROPOSALS

The University Honors Program seeks course proposals for UHON 351 seminars. Courses are uniquely and specifically designed for honors students and substitute for Core Curriculum requirements. We encourage proposals from all disciplines.

We offer handsome remuneration, and the faculty's academic unit receives all the FTE credit for the course. The course proposal form and guidelines may be found on our website www.honors.siu.edu. Additional advice, input, and review of proposals is provided by your Honors Advisory Council representative:

Agricultural Sciences
Mass Communication and Media Arts
Education and Human Services
Business
Engineering
Liberal Arts
Applied Sciences and Arts
Science

Karen Jones
Jacob Podber
Jennifer Koran
