The StACSS is a staff advisory body that serves as a collaborative channel between the staff at SIU Carbondale (SIUC), SIU Edwardsville (SIUE), SIU School of Medicine, SIU School of Dental Medicine and the SIUE East St. Louis Center. The StACSS advises the SIU Board of Trustees and System Administrative Offices through the System president about staff-related issues that are pertinent at the SIU System level. The StACSS serves as an avenue to discuss issues that impact the SIU campuses and beyond, share ideas, find solutions to problems, and work together on issues that face staff.
