

BOOTS to BUSINESS | REBOOT

with the U.S. Small Business Administration

Veteran Entrepreneurship One-Day Workshop 2024

Are you a veteran with dreams of starting your own business? This workshop is designed to equip you with the tools and knowledge to turn your entrepreneurial vision into reality. Whether you're just starting to explore business ownership or ready to take the next step, this workshop offers guidance tailored to veterans. Boots to Business, an SBA program, provides an overview of entrepreneurship and business fundamentals for veterans, service members, and spouses. Reboot offers the same training to veterans of all eras and those who have already transitioned out of service.

During the workshop, you'll be guided through the fundamental aspects of starting a business, including how to create a business plan, assess market opportunities, and understand the legal and financial structures of a successful enterprise. We'll also discuss various funding options available specifically for veterans, including grants, loans, and other veteran-focused programs.

Who Should Attend?

Veterans, active duty service members, and their spouses interested in starting or growing a business.

Sign Up Today!

Pick from one of three locations. Space is limited, so don't miss this opportunity to kick start your entrepreneurial journey!

The Boots to Business program is provided through the coordinated efforts of the SBA and its valued partner network. All SBA services are extended to the public on a nondiscriminatory basis. Reasonable arrangements for persons with disabilities will be made if requested at least two weeks in advance.
